

REMARKS/ARGUMENTS

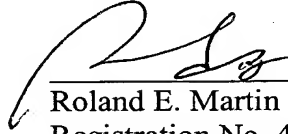

Claim 1 is amended to insert "acid" after "fatty", second occurrence to correct an obvious typographical error. No new matter is added into the amended claim.

If the Examiner does not uncover any prior art over which the elected species is rejectable, it is requested that the Examiner extend the search to non-elected species.

This application is now ready for examination on the merits.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
